

Copyright Declaration

Entries for the KSTL Digital Media Competition must be original work and must not infringe copyright regulations. A signed Copyright Declaration Form must accompany all entries for each student involved in the project. Where copyright material is used, evidence of permission and/or right to use the material will need to be referenced. Failure to do so will render the submission ineligible for "Top 6" placement in the competition.

I/We the undersigned, declare that (a) I/We own and/or have obtained legal clearance or license to all contents of my competition entry including but not limited to script; still and moving pictures; writings; participants; music and all other content; and (b) my entry may be used by the Kansas State Department of Education and MidAmerica Computers for Education for purposes relating to the Kansas Student Technology Leadership competition, including presentation at events and on the organizations website, without breach of any third party rights and without payment to any party. (Note: Only Student First Name and School will be used to identify projects).
